

# Successful Stewardship Campaign Concludes

## *Open Your Hand to the Poor and Needy Neighbor in Your Land*

The 2010 Stewardship Campaign has concluded and the Stewardship Committee would like to thank all of those who pledged. The committee set a very aggressive goal this year and although we were not able to achieve that goal, we do consider the campaign to have been a wonderful success. We exceeded the amount pledged last year even though we lost some very generous pledging families. The committee would especially like to thank the Stewards listed below who did such a great job in managing the Traveling Gift Bags to make the campaign the success that it was.
